

COMMUNITY COLLEGE INNOVATION CHALLENGE

2021 CCIC *Advancing Student Innovation & Impact*

STUDENT TEAMS ENCOURAGED TO APPLY.

Attend a **Virtual Innovation Boot Camp**, build the skills necessary to carry invention from idea to society-benefitting innovation, showcase your project on a national stage in front of **industry** and **STEM stakeholders**, and compete in a pitch competition for **cash awards!**

Who?

Teams of **2 to 4 community college students** with an interest in STEM innovation, entrepreneurialism, and in making a difference; a faculty or administrator team mentor.

Where?

Get details and enter at: www.aaccinnovationchallenge.com.

Why?

To foster the development of crucial innovation, communication, and entrepreneurial skills to initiate real-world change; network with national student teams, STEM leaders, industry representatives, and entrepreneurs; and compete for cash awards for your STEM innovation!

When?
